2nd Draw: Winchester Super X Pump 12-gauge shotgun
3rd Draw: Gift card

Tickets
\$20 ea.
6 for \$100

Proceeds from this fundraiser support the 2021 FELI Class Project: **Connecting Communities.**

The COVID-19 Global Pandemic has made access to fast, reliable internet more necessary than ever before, and low-income communities across Florida are being disproportionately affected.

With help from our industry partners *and you*, we can install fast, stand-alone public hotspot towers that use solar power and cellular data to provide free Wifi access in several communities of need across the state. Together, we can make a lasting difference in these areas. Learn more and donate online today at <https://www.feli21.com>.

Raffle tickets will be available for purchase until August 5, 2021 from a FELI class member, or via email to Christopher Martin, MartinC@AyresAssociates.com.
Thank you and good luck!

Drawing takes place August 6, 2021,
at the FEC-ACEC FL Annual Conference at The Breakers
Palm Beach. Attendance not required to win.
